EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

An amendment was made to the patent via a certificate of correction issued May 15, 2001. Changes to the patent via certificate of correction must be incorporated into the original text of the patent as if they were part of the original text, i.e., no brackets or underlining, in accordance with MPEP 1411.01. Thus, Applicant's amendment submitted June 2, 2003 properly incorporated the certificate of correction change. The requirement made by the Office for Applicant to submit a new amendment with bracket/underlining was therefore in error. Accordingly, the amendment filed October 27, 2003 in response to this requirement will not be entered, and instead Applicant's proper response of June 2, 2003 has been entered.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert Rose whose telephone number is (571) 272-4494. The examiner can normally be reached on Monday through Thursday, and on alternate Fridays between 8:00-5:30.
